

DANCE CORK FIRKIN CRANE

ARTIST & ARTS WORKER PAY

Dance Cork Firkin Crane believes that artists should always be paid for their work and strives to set minimum guidelines according to industry standards. We follow the guidelines put forward by Dance Ireland and Performing Arts Forum.

For artists presented on our performance series, artists are always paid a minimum of €1,000/performance and are offered contracts. Resident artists receive in-kind support, opportunities to teach class, and letters of agreement. The rate of pay/fee is always communicated in advance.

Our hourly rate for theatre technicians starts at €15/hour, with a minimum four-hour call.

This policy has been developed in alignment with the Arts Council's *Paying the Artist* policy on the fair and equitable remuneration and contracting of artists.
